

WEST PASCO MODEL RAILROAD DESIGN TEAM MEETING NOTES

DATE: 07/21/2023

ATTENDEES: Ralph, Bill, Tom, Neil, Keith

TITLE: Defining the initial naming of locations

No official meeting due to split times everyone was present.

Tom had a valid point Friday morning. The railroad is the *Rockville and Port Charles Railroad*. If we change the name of the area where **Union Station** will be, there is no identity identification. As someone enters, they would see Rockville on the right peninsular and Port Charles on the other. The layout has the railroad identification in plain sight.

This means that the yard and the area along the dividing wall with the passenger station would be the subject of the naming contest.

Agreement should come from the team members. Ralph and I discussed and agreed. Any other thoughts?

Chuck said we should have a way to identify areas. I told him we are already working on it. We need to identify as much as we can soon.
